When you have the chance to learn don't run from it. Learning is good exercise for your brain. Now put your brain to the test, by unscrambling the words below that **The Eliminate Project** involves.

Maternal and neonatal tetanus kills _____ baby every nine minutes. _____ doses
(neo) (htree)
of a 60-cent vaccine can protect babies and their mothers too. Kiwanis and UNICEF have joined forces to
_____ this vaccine to 40 countries around the _____. For more fun learning
(rnigb) (wlrod)
about The Eliminate Project visit www.TheEliminateProject.org.

Where you learn can be fun. Guess what? You can learn everywhere! Below is a list of cool places to explore. Write below how or what you can learn at these places. Can you think of other places? Write them in, too.

1. At home I can learn _____.
2. At school I can learn _____.
3. At the museum I can learn _____.
4. At the zoo I can learn _____.
5. At the library I can learn _____.
6. At _____ I can learn _____.
7. At _____ I can learn _____.
8. At _____ I can learn _____.
