

# 2011 K-Kids and Builders Club Greeting Card ART Contest

Thank you to everyone who participated. The art submitted by K-Kids and Builders Club members was inspiring, creative and amazing. We received hundreds of entries that we plan to use and display throughout the year.

One K-Kids member and one Builders Club member were awarded first place in each contest category. One additional art entry was selected to complete the greeting card set. These greeting cards are currently being used by Kiwanis International leadership.

Continue through the slides to view art contest winners as well as additional contest entries selected.
