

# K-Kids

## 2010-2011 Service Initiative

### Learn to live

This year's service initiative, learn to live, focuses on four service areas. Do your best to plan service projects which focus on each of these service areas throughout the year.

Service areas include:

#### **Bully prevention**

- Conduct a bully prevention poster campaign.
- Plan a bully awareness day or week.
- Make and hand out bully-free zone bookmarks advertising bully prevention resources.

#### **Service to others**

- Plan a service or fundraising project. A how to conduct a service project guide is posted online at [www.kkids.org](http://www.kkids.org).
- Use the Power of Nice booklet in the K-Kids Zone Magazine to assist in planning good deeds to help others.

#### **Character building**

- Conduct a character trait poster campaign. Use Kiwanis Terrific Kids resources. Keep a Terrific Kids journal and see what impact you have on others by practicing good character. Find more at [www.kkids.org](http://www.kkids.org).

#### **Literacy**

- Work with your local Key Club to plan a how to study program for students at school.
- Read to younger students.
- Plan a book swap where gently used books are traded.
- Download, print, assemble and distribute K-Kids Happy Books to students in your school.
