SCHOOL DAYS

Sister Diane joined the Ketterleus K-kids at their last two meetings to help them make stepping stones which they are going to donate to the school as a part of a school beautification project. A few photos from their two day efforts are below. A special thanks to Debby Williams, Kerriene Constant, Lori Held and Joan Whiston for helping the group!
Ketterlinus K-Kids donate stepping stones

K-Kids are the youngest members of the Kwater family — fifth and sixth graders. Their motto is "Young Leaders Helping Others." When they are older, they will be able to join the Builders Club in middle school, the Key Club in high school, and Kiwanis in adults. Currently, the K-Kids are active in developing leadership skills and doing service projects in their elementary schools and communities.

On Feb. 17, the Ketterlinus K-Kids held their annual installation ceremony. Speaker Key, Florida district representative of Kiwanis, installed the officers and new board of directors. This year's officers include: Shane Solanas, president; Rick Pannell, vice president; Erik Talles, treasurer; and board members Kimberly Barrett, Ann McGraw, Jack Newman and Baby Pace.

As part of the installation, the K-Kids donated stepping stones to the school that they planted bulbs, helped pack Thanksgiving food baskets for families in the community, and did a fundraiser for their club at Night of Lights. In January, they worked hard making stepping stones. Most recently, they made Valentine cards for seniors at the St. Augustine Village Care Center.

The K-Kids are incredibly hardworking and dedicated to their community. They bring so much joy and love to everyone they encounter, and their contributions are truly inspiring.

A great day with K-Kids!

K-Kids plant daffodils around Ketterlinus for Red Ribbon Week as a school beautification project. Daffodil bulbs need nourishing and nurturing to grow...just like us!!
Dear Students,

We here at BayView would like to thank each and everyone of you for the wonderful Valentine's Day cards. Our residents truly enjoyed them. Thank you for thinking of our residents here at BayView.

Sincerely,

KIWANIS FAMILY PROJECT

The Kiwanis Club fitted adult bike helmets for all children, including kindergartners.

Did You Know?

By Florida Law, bicycles are vehicles and have the same right of way as cars.
