

# My fundraising goal tracker

It's easy to keep track of the money you raise for UNICEF. Just use this coloring page!

1. Write down your fundraising goal under "My goal."
2. Now, the fun part: As you collect money, color in the Halloween character. Start at the bottom!
3. When you get to the first dollar amount line, write the amount of money you have raised.
4. Continue to color the Halloween character as you raise money — and raise the coloring line with each bit of money you raise. Don't forget to write the amount!
5. When the character is completely colored in, you'll know you've reached your fundraising goal.
