

Principal Perspective

This activity will allow club officers to:

- Hear what school leaders think about their chosen service need.
- Improve communication skills.
- Practice active listening.

How to lead this activity:

Can your club's chosen service need benefit the school? Meet with the principal to find out! This activity is just for club officers (recommended for the club president).

1. With the help of your faculty advisor, request a meeting with your school principal.
2. Bring a notebook and pen or pencil to your meeting for taking notes.
3. To start the meeting, thank the principal for his/her time and introduce yourself.
4. Tell him/her about the service need your K-Kids club has chosen. Ask if your club can help the school in any way.
5. If your principal knows a way your club can help, ask him/her to be a guest speaker at your club meeting.
 - a. If the principal agrees to be a guest speaker, thank him/her and explain that your club advisor will reach out soon.
 - b. If the principal is not able to be a guest speaker, invite him/her to stop by any time. Share when and where your club regularly meets.
6. If the principal does not know how your club can help, ask if he/she knows someone who does.
7. If the principal knows someone who can help, say thank you and ask him/her to introduce that person to your club advisor. Let your principal know you will update your advisor.
8. When the meeting is over, thank the principal for taking time out of his/her busy schedule to meet with you.
9. Share your meeting notes with your club advisor.
10. At the next club meeting, report to the club on what you learned.
