

I *Sticker Voting*

- Improve communication skills.
- Collaborate as a team.
- Practice active listening.

Materials needed:

- Blank paper (size 8.5 x 11 or larger)
- Markers
- Stickers

How to lead this activity:

Love stickers? So do we! This is a fun and easy way to decide on a service need.

1. List each service need on a blank sheet of paper.
2. Give the necessary number of stickers to each member.
 - a. If the club wants to categorize or rank votes, provide stickers in different designs.
 - b. If you want to rank members' choices (for example, first, second and third), each student should receive one sticker design per ranking.
3. Ask each member to vote for the service need(s) that should be the club's focus.
 - a. Each member should vote by putting a sticker on his/her favorite service need(s).
 - b. Voting ends once all members have placed their stickers.
4. In case of a tie, all members should vote on the tied options. If the club needs to, repeat the vote until there's a winner.
5. When the activity is over, thank everyone for their time and participation.
6. Collect and save the votes. That way, you'll remember some other popular choices in the future—when the club is ready to start a new project.

This voting style can be used to make any club decision.

Another great way to make decisions as a club is to use Parliamentary Procedure. Check out the guide online at kkids.org/IDEA.

Hunger

A handwritten note on lined paper with the title "Hunger". It contains five smiley faces and five stars scattered across the page.

Random acts of kindness

A handwritten note on lined paper with the title "Random acts of kindness". It contains four smiley faces and four stars scattered across the page.

Bully prevention

A handwritten note on lined paper with the title "Bully prevention". It contains six smiley faces and five stars scattered across the page.
