GET TOOLS TO TRACK CLUB TASKS

As the year begins, there are two tools you can use to create a plan that will help keep track of — and complete — important club tasks: the two-page Quick Start Guide (from the [K-Kids Advisor Guide](#)) and the questions in the [K-Kids Annual Achievement Report](#). Each tool covers important activities that Kiwanis International encourages advisors or K-Kids clubs to complete each year. See how these resources can help with planning and setting tasks throughout the year.

5 WAYS TO BOOST MEMBERSHIP

The perfect time to grow club membership is at the beginning of a new school year. Having more members helps clubs make a greater service impact — and it gives more youth the chance to discover their passion for service. Check out some strategies for increasing club membership and gaining support from parents/guardians, school/organization staff and community leaders.

EXPLORE BUDGETS AND GRANTS

Managing finances is an important part of a healthy K-Kids club. Make sure to create a club budget for the year to account for service projects, meeting supplies, snacks and more. A budget helps officers and members know what resources are available and how much the club needs to raise for its activities. In addition to fundraising, consider applying for grants to secure funding for the club. Check out our blog post for information regarding the various funding opportunities

available — with links to some potential sources.
